

1. Start at the star. Draw a line 3 spaces north. Now a line three spaces East. Now draw a line three spaces South. Finally draw a line three spaces West back to the star. What shape did you draw?

2. Start at the heart, draw a line North 4 spaces. West 4 spaces, North 4 spaces, West 4 spaces, South 4 spaces, West 4 spaces, South 4 spaces, East 4 spaces, South 4 spaces, East 4 spaces, North 4, Finally East 4 back to the heart. Now what did you draw?

The image contains two large grids of dots. The left grid is 15 columns wide and 15 rows high. In the top-left corner of this grid, there is a yellow star. In the top-right corner, there is a diagram of a compass rose with four arrows pointing North (N), South (S), East (E), and West (W). The right grid is also 15 columns wide and 15 rows high. In the middle-right area of this grid, there is a red heart.
